

THE DAILY CONSTITUTION: ATLANTA, GA., FRIDAY MORNING, OCTOBER 8, 1879.

Cuticura
REMEDIES.

The success attending the use of these great and simple remedies is well known to all who have used them. They are safe, and will not interfere with other medicines. Dr. M. W. Walker & Foster, of Atlanta, Georgia, has a good word for Cuticura. Cuticura is rapidly becoming a favorite remedy, and we constantly receive reports of new cases they occur.

Mosse Walker & Foster—Gentlemen—In just a few days you have suffered, and so far as I can see, from the most grateful and effective cures of what you call "rheum on body."—Moses Walker & Foster, of Atlanta, Georgia, has a good word for Cuticura. Cuticura is rapidly becoming a favorite remedy, and we constantly receive reports of new cases they occur.

DR. C. MC LANE'S

COTTON FEVER AND

SCARLET FEVER.

Bishop Beckwith will visit Cartersville during the present month.

Barlow is looking around for a new court-house.

Mr. John Harrison, of Social Circle, is dead.

The exodus fever has reached Harris county.

Hamilton will shortly have a public school.

Professor J. T. Lamar is associated with Mr. Dennis in the Hamilton Journal.

The Herald wants a fair association in Gwinnett county.

There was frost in Gwinnett county last Saturday.

Mr. John H. Shackleford, of Lawrenceville, is dead.

Fifty negroes are sick on one farm near Jewell's station.

The tail mines near Dalton are to be put in operation again.

The turnip crop in the neighborhood of Dalton is very promising.

Brev. M. D. Turner, of Eatonton, will shortly visit Oxford.

The reader will please excuse typographical errors in this column. The proof read after dark.

A negro who robbed a Macon warehouse one day found himself in jail the next.

The Covington Enterprise says it is reported that a house belonging to George Smith, of Newton county, was destroyed by fire recently.

The Cherokee railroad will be completed some time this month, and the Cartersville Fair. Press wants the people of that section to get up a sort of jubilee.

The American Republic will perceive that we have already made the correction as to the proper credit. It is not our fault that "Buttercup" was spelled with a small "k."

An old negro woman was sent to the lunatic asylum from Sparta the other day because she opposes foreign missions on the ground that there are heathens at home. If this is a sign of lunacy, we know a man who is as crazy as a bed bug.

Yesterday evening in Augusta, Mr. Fletcher J. Spratling, of THE CONSTITUTION, was married to Miss Annie, the accomplished daughter of Judge J. S. Hook.

We do not resort to the somewhat frayed formality of extending this young couple our congratulations. The skies were never fairer above two hours and a more beautiful life never stretched out before those who fate and fortune join together.

The Augusta Evening News says there is an exhibition at Brainerd's jewelry store

the picture and plan of a new boat to be placed on the canal next season by the Central steamboat company. Mr. Armstrong, the superintendent, has laid these plans exhibited in the best style, and the boat will be, of course, outside of anything ever yet seen in Augusta. It will be a real fine northern built boat or cabin passenger, and will be put up either in Philadelphia or Jersey City. The elegant little boat will then be steamed out and upon the Savannah river, and landed on Upper Kinnear, and rolled over to the canal. The little beauty will accommodate 150 passengers and will be the popular cabin steamer for the next season. It will measure 90 feet in length over all, beam 12 feet, and have a draft of 4 feet. Two decks will accommodate the gay and grave, and what with forward and after cabins, with splendid seats and the added modern improvements and saloons, the popularity of the yet nameless little steamer is already made. It will have the additional good feature of making 12 miles an hour, and will thus reach the locks in about half an hour. The plan and representation of the boat in Brainerd's window have attracted much attention and excursions will have the coming of the new ship Pinfire.

—Sister Idemone: "Twelve dark gamblers were suddenly placed in limbo in Atlanta. Why to the police make a distinction in favor of white gamblers? Or why were they allowed to think this is just as it happened on purpose?"

—American Republican. We learn that on Saturday last, as Messrs. James Brown and John D. Brown were going to Drayton and their horses were thrown and severely hurt. Two boys were riding horseback and were some distance from the racing-ground, when one of them proposed a race. This race was accepted, and they started. As they were running, the horse ran into the rear part, striking Mr. Brown, throwing Mr. Brown out over the dashboard, and we are informed, received internal injuries from which he suffers very much.

—John Courier: "We learn with great pleasure that the Israelites of this city intend building synagogues in an early day. They have opened a subscription list and have obtained from their own members \$10,000 more. They will need from \$600 to \$1,000 more, and yesterday we knew where the money was to come from, and that the enterprise was a certainty. We rejoice at this news. It will be a great addition to our city, but as far as charity to numbers of poor girls and boys in the town, who have no employment, but could not find a good living by the establishment of a cotton mill, we are not advised as to the details of the enterprise, but we are sure given us of the certainty of the fact."

—Cartersville Free Press: We are most positively assured by a gentleman of the utmost respectability, who is a cotton mill owner, that there will be a cotton mill established in Cartersville early in the next year. This is to say, the operations for their Christian fellowmen are now in full blast, and we earnestly hope that all our people will be gratified, and will come forward and subscribe liberally, will come forward and subscribe liberally, and will be gratified, and we sincerely trust that our Jewish fellowmen may receive all pecuniary efforts to erect in Rome a temple of worship on an ornate scale to themselves and to our city."

—Athens Republican: We learn that the genuine Dr. C. McLane's Vermifuge bears the signatures of C. McLane and Fleming Bro. on the wrapper.

—AGUE AND FEVER.

No better medicine for ague and fever than, or after taking Quinine. As a simple purgative they are unequalled.

—BEWARE OF IMITATIONS.

The genuine Dr. C. McLane's VERMIFUGE will certainly effect a cure.
